

User's Manual

The Vibration Feedback Sight Fighter PSX is a game pad with Vibration Feedback. Race games are more realistic due to the vibrations which are felt during racing. Please contact your dealer if the product is damaged or anything is missing.

Warning: *This apparatus is not suitable for children younger than 3 years old.*

Connection

Connect the game pad's plug to the game port on your PlayStation. Push the plug firmly into the connection.

Note: *Do not play with the game pad when turning on your PlayStation. The game pad will be automatically calibrated when your PlayStation is turned on.*

The Vibration Feedback Sight Fighter PSX is now ready for use.

Use of the game pad

Use of the game pad depends on the type of game being played. Consult the instruction manual, which is supplied with the game for more information.
